

HERNIAS, TUMORS, POLYPS, FIBROMYALGIA, AND ARTHRITIS DISAPPEAR! FRACTURED & BROKEN BONES COME TOGETHER! BACK, NECK, LEG, AND STOMACH PAIN GONE ... INSTANTLY! SURGERY CANCELLED!

"In April of 1993, I fell down and had to crawl up 52 cement stairs to get help. Next thing I knew I was strapped to a backboard looking at the ceiling of an ambulance. Living addicted to pain medication after multiple failed surgical attempts and my chiropractor on speed dial, I found myself divorced and without hope. John Burpee prayed over me at my home and it was the greatest thing ever to happened to me. The pain went away in my neck and lower back right away! The pain in my leg started to go away later that afternoon ... and it felt GREAT! To this day the pain is completely gone. Thank you for teaching me how to take charge of this and let GOD take the pain away!"

At a meeting where I was ministering, a lady came forward with a deteriorated meniscus in her knee. She said she had bone on bone and was in constant pain all the time. I declared God's word and spoke a creative miracle and for the pain to leave in Jesus' name. I asked her what was going on. She said the pain was gone and it was all good. The next morning she told me she had no pain and had slept through the night painless—totally healed!

In another meeting, a woman came forward with a fractured hand in a temporary cast. She said she was going to have it put into a permanent cast the following day. I spoke to the bones to come together and the pain to leave in Jesus' name. She began to move her fingers, bend them back and pull on them. She said if she had done that before it would have been very painful. She took the cast off right there and the swelling was gone. In that moment she was pain free—totally healed in Jesus' name! In this same meeting, another lady approached with a polyp in her nose and pain in her right eye. I spoke to the polyp to dissolve and the pain to leave in Jesus' name and she was healed instantly. Many others were healed with tangible evidence at this meeting.

Tonight she was healed and all the pain is gone. Many others were healed of back, neck, arthritis, and leg pain. Jesus Christ certainly was the solution!
