

WHAT OTHERS SAY ABOUT JOHN BURPEE:

John and Nancy Burpee's ministry to our church and leadership acted as a catalyst to identify and activate our God-given assignment. Biblically sound, foundational, and practical ... we advertised "Miracle Services" with the confidence that there would be miracles and we were not disappointed!

John Burpee is one of the few ministers we invite back to speak at our church and to our network of churches. His ministry is marked by supernatural signs and wonders and we have witnessed multiple people healed from chronic pain to deafness, paralysis, and other major health problems. His unique style of ministry reaches into lives and touches them where they need it most. We have never been disappointed. His life is marked by integrity, honor, and character. I whole-heartedly recommend him to any congregation and/or ministerial network.

I recommend the ministry of John Burpee, an evangelistic apostle with a unique perspective for the church. His message, "Jesus is the bridge that all must cross," connects the gap between God and man. John Burpee brings the fullness of God's desire in the last days and ministers healing to the broken so they can rise up and become the chosen warriors of God.

Many itinerant ministries come either far too spiritual or far too pragmatic. Dr. John G. L. Burpee comes with a perfect balance, he flows in miracles, signs, and wonders and has a practical way of helping you and your people achieve your dreams. I highly recommend the man and his ministry.

I have known John and Nancy Burpee since they were in our church in the Philippines during his Air Force days. A successful pastor, presbyter over churches, and an evangelist, John's ministry is centered on the reliability of the Word for every problem—healing, relationships, witnessing, financial challenges, etc. No hype, no theatrics. He simply instructs how to take God at His Word and see a changed life.
